Rear Admiral R. R. Percy
Supply Corps
Dept. of the Navy
Naval Expeditionary Logistics Support Force
593 Mayfield Street
Williamsburg, Virginia 23185

Dear Admiral Percy:

It gave us great pride to be at the Marriott the same time that your Reservist were there. We had the privilege of talking with a few of them and it was great to be able to express how we felt about what they are doing.

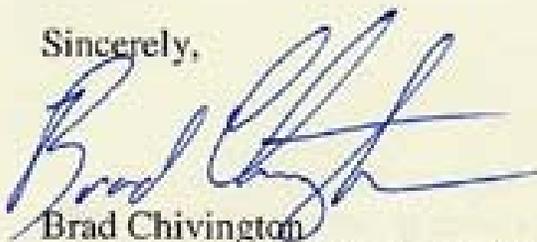

It was also a privilege to be able to donate the snacks to your men and women. They are doing so much for us. It must really be hard for them to leave their jobs and families. The look on their faces as they entered the Trade Show floor that day was priceless.

We would also like to add that without our Vendor Partners it would not have been possible, they play an important part in this, and through their generosity and support it allowed this to happen.

Please, if we can help or be of any further assistance please write and let me know, or I can be reached at 804-730-1568 ext 1128.

Thank you for the wonderful job that your men and women are doing for our Country.

Sincerely,

Brad Chivington
Vice President Marketing GPM/Fas mart
